

Building trust

The use of statutory declaration of progress payment documents helps ensure that appropriate payment distribution is maintained throughout a construction project, up to and including the latest progress payment received.

There are three exceptions:

- Holdback monies properly retained;
- Payments deferred by agreement; and
- Payment withheld by legitimate dispute.

CCDC 9A is usually required as a condition for the (second and subsequent) progress payments or release of holdback. The declaration must be made before a commissioner for oaths, notary public or justice

of the peace. The legislation of the applicable province sets out who can take affidavits and declarations.

CCDC 9A – Statutory Declaration of

Progress Payment Distribution by

Contractor is a sworn statement

declaring that all accounts

for labour, subcontracts,

products, services, construction

machinery and equipment

incurred have been paid in full.

to improve the Canadian construction industry for everyone involved.

Our document development process represents all parties involved in the project to ensure risk is allocated fairly, full consensus is reached, and real trust is built. This simplifies bidding and contracting.
